

Department: Health Information Management  
Procedure No: 390  
Revised Date: 2/2024  
Approved By: Gloria Johnson

**A. TITLE:** M\*Modal Voice Recognition Home Installation

**B. PROCEDURE:**

**Note:** You must acquire the USB from Health Information Technology (HIT)

1. Insert the USB into an HIT supported PC that is connected to the network
2. Perform all tasks required to allow Credants self-installation, including the password requirement so you may write to the USB
3. Open MyComputer and identify the drive letter that is assigned to the USB
4. Click **Start -> Run** and enter **Load MModal2USB**

**C. RELATED DOCUMENTS:** Not Applicable

**Initial Approval:** 11/2022  
**Revision History:** 2/2024  
**Next Review Date:** 2/2027
