
NON-HIS PREAPPROVED RELEASE OF INFORMATION SCENARIOS/0340

Contact: Gloria Johnson/Scottie Frey

Date Established: 4/2015

Date Reviewed/Revised: 6/2015, 6/2018, 9/2018, 2/2019

Policy

The following policy describes the non-HIS preapproved release of information scenarios

Procedure

1. Licensed Independent Practitioners (LIP's) and Registered Nurses (RN's) – may release pertinent health information for point of care to the patient
2. Social Work, Case Management or Utilization Management – may release pertinent health information for placement purposes to another healthcare facility
3. Inpatient Health Unit Coordinators (HUCs) – may release pertinent health information from the current inpatient admission for continued care to another healthcare facility or transportation services
4. Ambulatory personnel – may release pertinent health information from their respective ambulatory area for appointment scheduling or referral purposes to a referring physician
5. Patient Financial Services or University Physicians Group – may release pertinent health information for reimbursement justification to an insurance corporation
6. Radiology File Room personnel – may release images upon request

Note: Continued care is not a preapproved release of information scenario and should be forwarded to HIS for processing.
