

Health Information Technology (HIT) is now offering the convenience of **Secure Cloud Storage** to store, sync, and share data files for employees of The University of Virginia Health System.

This document includes:

- A. An Introduction to the HIT Secure Cloud Storage: and Sookasa
- B. Installation and Account Setup of the Secure Cloud Storage
- C. Self-Service Password Reset & Additional Help

A. An Introduction to the HIT Secure Cloud Storage: and Sookasa

The **Secure Cloud Storage** solution consists of two components that work together:

	<p>This component provides the actual cloud storage space for your data and file sharing. You can access your Cloud Storage account via:</p> <p>Primary <i>Recommended</i> Access Method: The Dropbox and Sookasa Desktop applications are best for both Health System and non-Health System computers.</p> <p>Secondary Access Methods at the UVA Medical Center and Remotely</p> <ul style="list-style-type: none"> • Via the Internet: <ul style="list-style-type: none"> https://www.dropbox.com https://www.sookasa.com • Mobile device applications (iPhone/iPad Application or Android Phone/Tablet Application)
	<p>This component is an integrated <i>secure</i> enhancement that is accessed as a folder <i>within</i> your Dropbox Account.</p> <p>IMPORTANT: Your Sookasa folder is a <i>HIPAA Compliant, encrypted</i> folder that is specifically designed for the storage of <u>all</u> sensitive information, including any <i>Protected Health Information (PHI)</i> and <i>Personally Identifiable Information (PII)</i> that you wish to store in your Secure Cloud Storage Account.</p>

B. Installation and Account Setup of the Secure Cloud Storage Solution
This is a four step process.

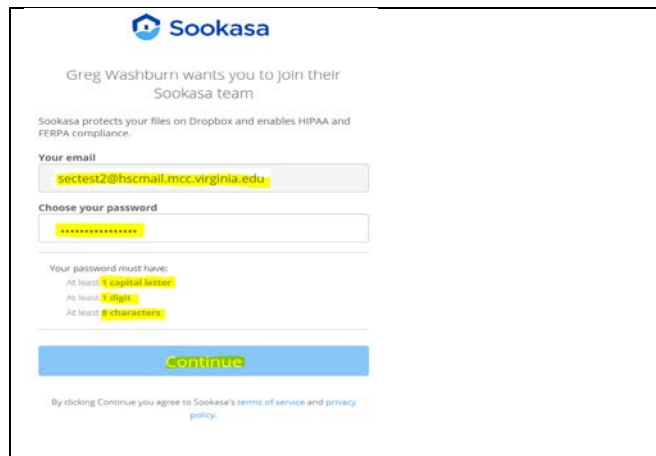

Step 1: Creation of your Health System  Sookasa Account:

- a. In your Health System *HS email account, open the  Sookasa invitation email and click on **Join UVa Health System's team**:

- b. An Internet browser window will automatically open:

- Verify that your *HS email is correct
- Create a password that satisfies the following requirements:
 - *At least 1 capital letter*
 - *At least 1 digit*
 - *At least 8 characters*
- Click **Continue**

- c. On the next screen, complete with your personalized **Basic Information** and click **Continue**:

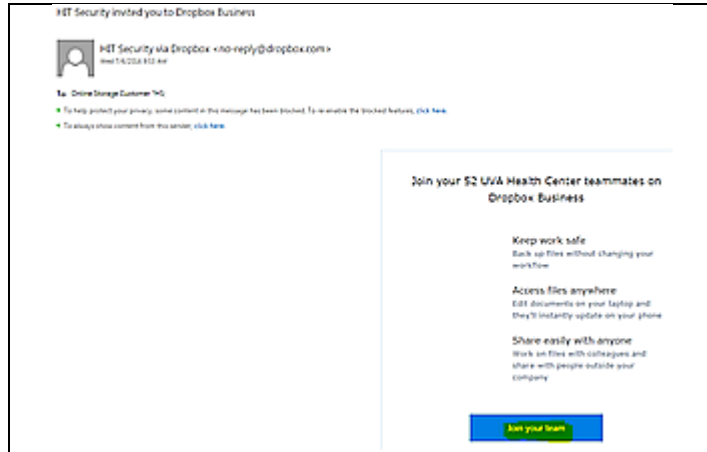

The screenshot shows the Sookasa 'Basic Information' form. It includes the Sookasa logo and the title 'Basic Information'. There are three input fields: 'First Name*' containing 'sdc', 'Last Name*' containing 'test2', and 'Company Name*' containing 'UVa HealthSystem'. A blue 'Continue' button is located at the bottom of the form.

Your  Account has now been created. Please exit out of any further Sookasa installation screens or software downloads.

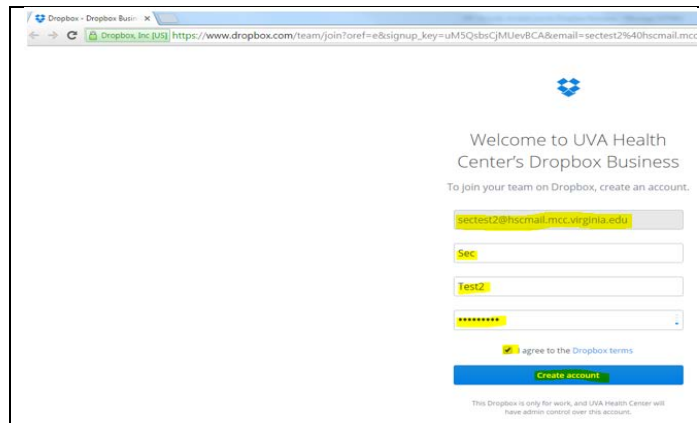

Step 2. Creation of your Health System  Account:

a. In your *HS email account, open the  Invitation email and click on **Join Your Team**:

b. An Internet browser window will automatically open:

- Verify that your *HS email is displayed correctly
- Type in your *First Name/Last Name* & Create a password of your choosing
- Check the **I agree to the Dropbox terms** checkbox & Click on **Create Account**

Your  Account has now been successfully created.

Please exit out of any further Dropbox installation screens or software downloads.

Step 3: Health System Computer Software Installation and Account Login:

IMPORTANT: This installation will require a reboot of your computer. Please save your work and close all open applications before proceeding.

- a. Click on the Windows Icon  located at the bottom left corner then type **run** in the *Search Programs and Files* search box:

- b. Type **load dropbox** in the *Run* pop-up window and click *OK*

- c. Click *OK* on the installer window:

The Dropbox and Sookasa software will begin installing:

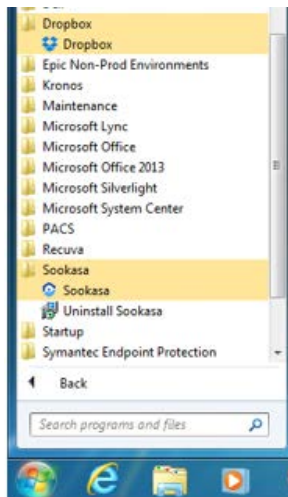

- d. Click on Yes to reboot (Remember to save any open work before proceeding):

- e. After reboot, verify that the Dropbox and Sookasa software has been installed by clicking on Windows Icon /All Programs:

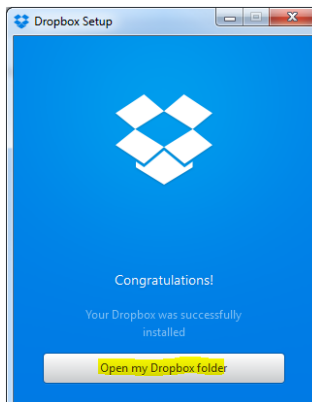

- f. Log into your  Account on your Health System Computer:
- Navigate to the Dropbox Application: Windows Icon /All Programs/Dropbox

- Sign into Dropbox with your newly created Logon and Password and select **Sign In**:

- Click on Open my Dropbox folder

- Your Dropbox account now appears as a folder in your Health System computer's Windows Explorer:

- g. Log into your Account on your Health System Computer:

- Navigate to the Sookasa Application: Windows Icon /All Programs/Sookasa

- Sign into Sookasa with your newly created Logon and Password and select **Sign In**:

- Your Sookasa Account appears as a folder within your Dropbox Account in your Health System computer's Windows Explorer:

Step 4. *Non*-Health System Computer: Software Installation and Account Login:

NOTE: General guidance is below for installation on *non*-Health System computers (most likely your personal computer) and is **optional**. If you require *additional* specific software installation assistance, please consult the  and  web sites or a 3rd party professional.

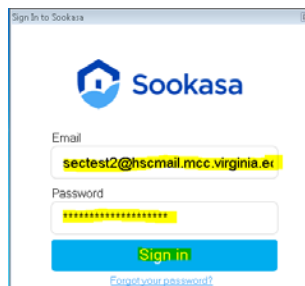

a.  **Installation & Account Login:**

- Download and Install the Dropbox software on your **non**-HS Computer:
<https://www.dropbox.com/install>
- Run the newly installed Dropbox application.
- Sign into Dropbox with your newly created Logon and Password and select **Sign In**:

b.  **Installation & Account Login:**

- Download and Install the Sookasa software on your **non**-HS Computer
 - Windows Operating System Installation Software:
<http://cloud.sookasa.com/downloads/win>
 - Macintosh/Apple Operating System Installation Software
<http://cloud.sookasa.com/downloads/mac>
- Run the newly installed Sookasa application on your **non**-HS computer.
- Sign into Sookasa with your newly created Logon and Password & select **Sign In**:

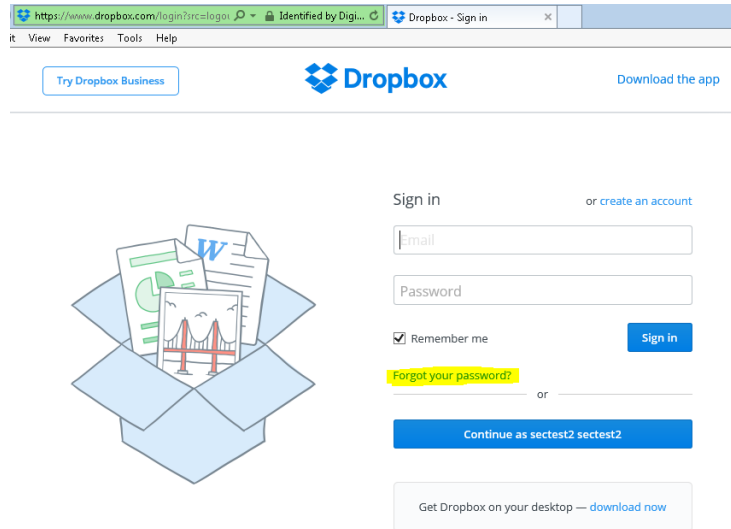

C. Self-Service Password Resets and Additional Help

Dropbox
